Ginseng Extract Benefits

Ginseng is a root which has been used as a natural medicine for thousands of years in Chinese medicine The roots, leaves and stems of the plant are used to make herbal teas, and contain special. compounds which heal the body from within.

stress by lowering stress hormone (cortisol) levels.

capsules online and in health food stores.

Taking this daily helps the body to adapt to exercise and helps sore muscles to heal and build more quickly. Drinking ginseng tea, or taking a supplement also increases cognitive function and helps you to think more clearly.

It improves the health of brain cells and improves mood, memory and behaviour.

Nowadays there is a high use of ginseng for men, as it treats erectile dysfunction and sexual problems

The compounds within the herb protect the body against oxidative stress and opens up the blood vessels.

It has been shown to boost mood and increase strength and vitality.

Those who have a low immune System due to surgery or cancer should consider taking ginseng daily.

It has been shown in studies to boost immunity and protect the body from further damage.

The herb contains compounds known as Ginsenosides. These act as antioxidants and can reduce the risk of cancer by 16 percent.

It can also reduce the symptoms when undergoing chemotherapy.

American and Asian ginseng have been shown to increase the health of the pancreas for those with diabetes.

It reduces insulin resistance and helps to manage blood sugar levels.

effective, and reduces the risk of any side effects.

Ginseng should not be used long term as it has been shown to have side effects in some people when used for longer than 6 months.
