I am making a standard size card 5 1/2 x 4 1/4 but with a flap inside

So you need to cut a 8 1/2 x 7 1/2 inches piece of cardstock

Now score the 8 1/2 side in half that's at 4 1/4

And the other side at 2 inches to make the flap

It's available in many different formats for your digital cutters

First layer = one layer of 3d dots

Just added some pieces of cardstock cause I don't want to cut through the flap

Second layer = 2 pieces of 3d dots one on top of the other
